Pan & Tilt

Remotely move the camera up & down, left & right from your smartphone app, enabling seamless monitoring without blind spots.

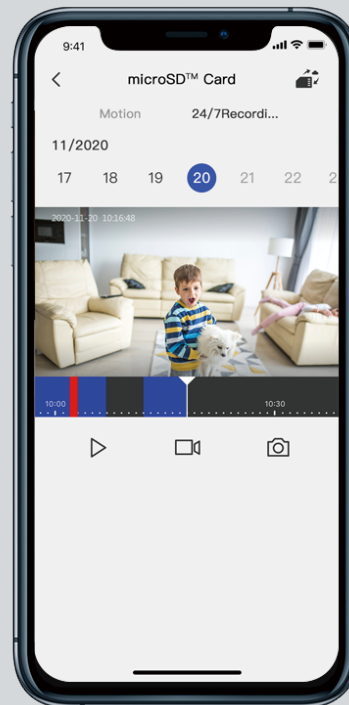

Simultaneous Multi-Cam Viewing

If you have multiple cameras installed in different rooms or at different locations, you can check them all out at the same time.

Advanced AI Human Detection

Advanced AI humanoid recognition can greatly reduce false alarms, and only push notifications when a person-shaped movement is detected.

On-Site or Cloud Recording

Video footage is recorded 24/7 on-site on your microSD card (included), and you have two options for cloud storage: 7 or 30 days.

Interaction with Select* Chuango Alarm Systems and Smart Light Bulbs

*Supported alarm models: OV-300 and LTE-400; smart light models: A609C, A609W, C372C, C372W, GU10C, GU10W, G95G.
